Dear Selection Committee,

It is my pleasure to recommend Jaspreet Missan for a teaching position within your district. As Ms. Missan's Cooperating Teacher, and grade level team leader for the second grade team at Discovery Elementary, I had the opportunity to work closely with Ms. Missan during the Fall 2024 semester. Ms. Missan worked in a general education second grade classroom with a variety of learners, including students with IEPs and English Language Learners. Throughout our time together, I was able to observe Ms. Missan's strong work ethic, and ability to build relationships with students.

Ms. Missan worked closely with me to plan and implement instruction throughout her time at Discovery. I witnessed her develop her skills in engaging students, as well as using a variety of instructional strategies appropriate to the content and task. Throughout our time together, I was regularly impressed with Ms. Missan's desire to go above and beyond what was required of her as a teacher candidate. She quickly took over teaching small reading and math groups, differentiating her instruction for the various levels in the classroom. She was able to monitor and adjust her instruction based on the students' needs, whether it was during small group instruction or whole group lessons.

Ms. Missan is reflective and open to feedback, qualities that are invaluable for a teacher embarking on their career as an educator. She is also an extremely hard worker. She consistently sought out opportunities to support me and the grade level team, whenever she had extra time. She is a team player and is able to work well with others. Ms. Missan had a positive attitude throughout her placement at Discovery Elementary and was missed when she had to move on to her second semester placement.

Please feel free to contact me directly with any questions.

Sincerely,

Katie Foley
